DIARY NOTES

25X1A

DD/S

15 October 1963

25X1A9a

1. At the Executive Committee Meeting this morning, John Bross reported that [REDACTED] would be joining his staff next week. (I don't know who is replacing Tom in his current job.) John also said that he had arranged for Bob Bannerman to brief General Carroll sometime soon on our polygraph procedures, at which time he would be advised that we propose to polygraph military personnel on duty with NPIC regardless of whether they are on our rolls.

2. I met briefly with a delegation from [REDACTED] 25X9A8  
[REDACTED] They were visiting the building to look at our feeding arrangements.

[REDACTED] looked after them.

3. [REDACTED] attended the hearings on the Executive Pay Bill today at which John Macy of the Civil Service Commission and Elmer Staats of the Bureau of the Budget testified. John alerted the Committee to our problem, which would be the requirement for Presidential approval of our positions in levels IV, V, and VI and publication in the Federal Register. As a result, the Committee is going to change the section to read as follows: "Each such action shall be published in the Federal Register except where it is determined by the President that such publication would be contrary to the interests of National Security." It was also John's impression that the Committee would be favorably disposed to an exemption for CIA by adding in an appropriate place language as follows: "but nothing contained in this Act shall be construed to impair the authorities in the CIA Act of 1949 as amended (50 U.S.C. 403a)." Accordingly, John undertook to get in touch with Bob Amory at the Bureau of the Budget and I with John Macy at the Civil Service Commission to determine whether they would have any objection to such an insertion. (Bob Amory has advised John that the Bureau of the Budget would object to this. I have not yet been able to discuss the matter with John Macy.) H

4. I explained to John Tietjen the futility of recommending [REDACTED] 25X1A9a  
for the Federal Women's Award. He understands and will not pursue it. I  
assured him that I share his very high opinion of Mrs. [REDACTED] and I would 25X1A9a  
support any other reasonable suggestion for proper recognition such as a medal,  
cash award, within-grade raise, etc.

25X1A9a six years. I agreed with this and have asked [REDACTED] to take the 25X1A9a  
25X1A9a necessary action. As a separate issue, he wanted my reaction to the pos-  
sibility of [REDACTED] converting to Career Agent status in one of our  
proprietary projects. I gave this suggestion my blessing; in fact, I think  
that if [REDACTED] is really qualified for this job, he and the Agency would be  
better off to have him take it.
